Jeyco Stingray Anchor Specifications

Stingray (kg)	Holding Power (tonnes) ^{1,2}		
	Sand	Clay	Mud
10	2.39	1.85	1.34
25	4.95	3.83	2.77
50	8.59	6.65	4.80
100	14.91	11.54	8.34
150	20.58	15.93	11.51
175	23.26	18.01	13.01
250 ³	30.89	23.92	17.27
375	42.64	33.01	23.84
500	53.60	41.50	29.97
750	73.99	57.28	41.37
1000	93.00	72.00	52.00

¹ All holding capacity trials are carried out in scientifically consistent conditions.

² Certificates of tensile strength and examination are available upon request.

³ The approximate holding power equivalency of the 250 kg Stingray anchor = 2000 kg Danforth anchor.

Thank-you for considering *AEG Solutions* for your marine aquaculture needs.
