

*Engineered Aquaculture Solutions*

**FOR IMMEDIATE RELEASE**

## **AEG SIGNS FRAMEWORK AGREEMENT WITH COOKE AQUACULTURE INC FOR EQUIPMENT SUPPLY**

**ST. ANDREWS, NB – 25 OCTOBER 2009** – AEG Inc. (St. Andrews, NB) announced today that it has signed a framework agreement with Cooke Aquaculture Inc.

The agreement involves delivery of unspecified equipment having a value of \$7.2 million to Cooke Aquaculture over the next 5-years. Cooke Aquaculture is the largest producer of Atlantic salmon in Atlantic Canada and Maine with expanding operations in Chile. This equipment will be ordered for their East Coast operations in Canada and Maine.

“This long-term commitment by Cooke Aquaculture to purchase equipment from AEG ensures that they receive the best prices possible while providing AEG with long-term planning capability,” states Chris Bridger, AEG General Manager.

### **About AEG**

AEG Inc. provides professionally engineered equipment and management solutions to the marine aquaculture industry, particularly those operations sited in medium- and high-energy environments. *AEG Solutions* must meet five sustainability criteria to ensure our product portfolio is: socially acceptable, cost-effective, eco-friendly, professionally engineered, and robust for survival. Our own line of innovative technologies coupled with those provided through strategic business partnerships allows AEG to supply turn-key systems that meet global client needs.
